Mac, Charlie, and Dee are listening to Dennis. He is going over their plans to see an outdoor wrestling match, their first event since the start of the Pandemic. Frank enters dressed in a suit and oversized tie; he proclaims, "We're going to Washington D.C. to SAVE AMERICA." He promises Dee that there will be thousands of hot guys there and entices Charlie that a big secret is going to be revealed, they both switch their votes for Frank's thing. Not wanting to be on the losing side, Mac also switches his vote. Dennis tries to nip the plan in the bud saying, "We're not going, we voted for Wrestling."

ACT ONE

EXT. WASHINGTON UNION STATION - WASHINGTON D.C. - LATER

The gang walks out of the train tunnel into the main hall of Union station. Charlie comments on how big the hall is and claims it couldn't be done by humans and believes that something "Big" that's going to be revealed is the existence of giants. Mac states that ever since his dad died, he's been looking for a father figure and since Trump was president and essentially "The Country's Daddy" his signature on *Trump: The Art of the Deal* would be the approval he never received from his father. Dennis comments that this is both insane and incredibly sad. He believes this is all a waste of time and judging by the inauguration not many supporters will be there, they can turn around right now and go home. Frank says he's wrong and he met a bunch of friends online that he's going to meet up with and "we're putting the million-man march to shame." They turn the corner to see a big crowd of MAGA supporters, mostly male. Dee is excited, she's hit the jackpot.

EXT. THE ELLIPSE - LATER

The gang arrives at The Ellipse. Dennis notices everyone wearing the same thing and carrying Trump flags, he calls MAGA "a cult". Frank claims he's been in cults before and would know if he was in one again. Charlie asks Frank what's the plan since he's the leader angering Dennis. "Just because we did Frank's thing, it doesn't make him the leader." They try to get closer but are blocked by mobility scooters. Dennis's ankle is run into by an old lady driving a scooter with flags coming off the back. Charlie says Dennis is boring and predictable while Frank is a wildcard, you never know what's going to come out of his mouth. Dennis tries to get Dee's support, but she claims she's just waiting until Dennis is too old, and then she'll take over. Dee leaves to scout the talent. Mac complains he won't be able to meet Trump here and leaves to find Trump taking his copy of *Trump: The Art of the Deal with him*. "It's all about bravado I don't belong in the crowd". Charlie asks Frank for permission, who grants it, to follow Mac in the hope to talk to someone with truthful information.

EXT. NATIONAL MALL - LATER

Dee talks to an attractive muscular MAGA supporter. She tells him it's hot as an excuse for him to take off his sweatshirt. He reveals a "Kamala Whore-ish" tee-shirt. Dee: "Uh nice shirt." "Yeah, I believe radical feminism is ruining the country and leading to a generation of whores and lesbians." Dee berates the guy claiming that wanting equal rights doesn't make her a lesbian and that his muscles are for the male gaze, and she prefers dad bods. She works herself into a huff and storms off.

EXT. ELLIPSE - LATER

Frank and Dennis argue about politicians. Dennis says it's all empty talk and they don't care about the common man. They'll pick a bad guy, tell the public they're awful; meanwhile, go to each other's weddings. Dennis asks Frank why they are even here and what do they think they are going to do. Frank: "To stop the steal." Dennis: "What does that even mean? There was no voting scandal that's just a lie!" Frank asks why he tagged along. Dennis replies that he wasn't going to be left alone and had to follow the gang. He thinks he can convince the others to change their minds and go to the wrestling event they voted for.

EXT. STAGE ENTRANCE - LATER

Mac and Charlie are talking to a Secret Service agent at the door backstage where Trump is preparing. Secret service agent: "This is a restricted area I need you to vacate. Mac: "Actually I'm Trump's daughter's boyfriend, so if you could let me and my friend in." Agent: "I know what Jared looks like" Mac: "No the ugly one, I mean the other one... Tabitha?" Charlie interjects. "Excuse my friend, but when do we hear about the giants?" The agent is silent. Charlie: "Sworn to secrecy but if there are no giants- why's the Lincoln statue so big." Mac and Charlie are thrown from the entrance.

EXT. ELLIPSE - LATER

Mac and Charlie all battered and defeated meet up with Dennis and Frank, who are drinking beers. They join them. Dee arrives and grabs a drink from the cooler. She asks Frank where his friends are because they're almost out of beer. Frank tells her they just texted him and are at a tent that says Proud Boys. He points it out. Dennis is shocked. "You're friends with the Proud Boys? They're practically Nazis." Frank: "Your Pop-Pop was a real Nazi." Dee says she's out and won't sink as low as a Proud Boy. She leaves. Mac, jealous of the Proud Boy's outfits, complains about his lack of leather. "I knew I should've brought the Duster." Frank greets the Proud Boy leader like an old friend and the rest of the gang follows.

## ACT TWO

EXT. PROUD BOY'S TENT- LATER

Speeches go in in the background as the gang party with the Proud Boys. They offer Dennis a beer and Frank gives a look that says they're not bad guys. Charlie gets in a conversation with a fellow conspiracy theorist who tells him about "Q." "JFK Jr. never died in a plane crash. He's going to reveal himself and Trump is going to name him VP." Mac is talking to a Proud boy when he lets it slip that he's gay, they go silent. Mac "How can you look at Trump and not be a little gay... Stormy Daniels is a liar. He has a beautiful manhood."

EXT. NATIONAL MALL - LATER

Dee flirts with a Trump supporter. He tells her about a red pill. She asks if that's like a "Mega-Viagra". He says no and explains he's a virgin and an incel, involuntarily celibate. Dee: "What if we change that." He freezes unable to speak or move. She touches his shoulder asking if he's okay. He looks at her hand and passes out. She looks around and a MAGA supporter, who saw what happened, yells, "The Cops attacked him! Traitors!" Dee runs away from a surging crowd.

EXT. PROUD BOY'S TENT- CONTINUOUS

Dee loses her assailants and meets up with the rest of the gang. Dennis is convinced he's right; the march is all talk and just an excuse for white guys to party. They might as well be at wrestling where they can see real action. From the podium, Rudy Giuliani calls for a trial by combat. The MAGA supporters that chased Dee arrive whipping the crowd into a fury. A MAGA guy screams "We're taking the Capitol." Frank gives Dennis a look that says I told you so.

EXT. PENNSYLVANIA AVENUE - LATER

Mac has pushed them to the front of the crowd because Trump said he would be there. Frank is gloating to Dennis about throwing over the government. Charlie admits that this is better than the boring wrestling event they voted for. The crowd is buzzing around them, yet Dennis is sure that he'll prove Frank wrong, and nothing is going to happen. A hot Proud Boy guy shouts "The red wave is coming." Dee locks eyes with him, they share a moment. She smiles and says seductively "The red wave is coming."

EXT. CAPITOL BARRIERS - LATER

The gang move along with the crowd and Dennis pompously claims, "they'll be stopped in no time." The gang walks past the removed barriers and police officers who do nothing to stop them. They pass a News crew filming the pandemonium.

EXT. CAPITOL STEPS - LATER

The gang is pushed up the stairs by a group of MAGA supporters. Dennis says this is ridiculous and the national guard will do something. An out of breath Frank says it's part of the revolution. Mac claims Trump must already be inside since they didn't find him at the front of the crowd. Charlie: "If there is any evidence, it's hidden in the Capitol, you've seen National Treasure." Dee and the Proud Boy share a romantic moment smiling at each other while they break open a window of the Capitol building using MAGA flags.

EXT. CAPITOL DOORS - CONTINUOUS

Dee and the Proud Boy open a Capitol door from the inside and gesture for the rest of the gang to come in. Frank: "The people's house is now open." The gang walks into the Capitol building with ease. Dennis can't believe this is happening. Maybe Frank was right.

INT. CAPITOL ROTUNDA - CONTINUOUS

Charlie is in awe of the size of the Rotunda. He is positive this work could only be done by giants. Dee and the MAGA guy split off look for AOC's office to have sex in. Mac runs looking for Trump calling his name and Frank, Dennis, and Charlie follow a guy in a Viking helmet. "We're taking back our country."

INT. CAPITOL HALLWAY - LATER

Mac is with a group of MAGA supporters walking down the halls of the Capitol. One reads out Trump's tweet about Mike Pence not having the courage to do what should have been done..." Another rioter says, "Hang Pence." Mac admits he doesn't think Trump was a good president at all but has always loved him from his Celebrity Apprentice show and Home Alone 2 appearances. The crowd turns on him calling him a traitor "Hang the traitor." Mac runs for it. He turns a corner and locks eyes with Mike Pence. The secret service is escorting the vice president. Mac: "Dad?" A secret service agent tases him.

INT. AOC'S OFFICE - LATER

Dee and the Proud Boy are in AOC's Office. He says he knows where it is because of Lauren Boebert's tour the day before. Dee doesn't care she's only focused on getting laid. They start kissing. The Proud Boy finishes on his own, thirty seconds into their make-out session. "I'm so sorry, it's been a very dry quarantine." Dee: "You have got to be kidding me!"

INT. HOUSE CHAMBER - LATER

Frank, Dennis, and Charlie are with the Proud Boys and have taken over the House Chamber. Charlie throws papers around looking for clues on giants. Mac and Dee arrive talking about how they failed their missions. Dennis looks around and sees them destroying the House Chamber. A rioter enters and announces, "We found Pelosi's office; we're pooping on her desk." Frank takes his turn to sit in the Speaker of the House's chair and declares himself the leader of the gang. Dennis has had enough, and he gathers the gang. "Okay, things are out of hand. Mac you're not going to meet Trump and even if you did, he would hate you. Your Philly trash. Charlie people built these things, you've seen domes before, come on buddy. Dee, you couldn't get laid at the biggest sausage-fest of the generation, and Frank you've committed full-blown treason; but for the love of God can we go with what we voted for?!" The gang timidly agrees.

EXT. PADDY'S PUB - LATER

The gang reminisces about the overly dramatic wrestling event at the bar. Charlie asks, "Which one's was the bad one, I hated him?" Dennis says the one dressed in black. Dennis now happy that he's back in control asks Mac and Dee if they had fun. They agree and admit they should have stuck with the event they voted for the first time. Frank goes to talk but Dennis cuts him off. "No talking for 12 hours." A news clip on the TV shows a report of the January 6<sup>th</sup> insurrection, in the background of the chaos the gang can be seen entering the Capitol.
